Proud Boys Philadelphia

Dick Schwetz is no longer a Proud Boy.

Last year he was disavowed by the 2 chapters to which he belonged for embezzling funds given to him to donate to the J6 victims. He stole a lot of money, and there were no objections. He spent a great deal of effort to gain favor within the fraternity, but then betrayed us all in a vile and ugly manner.

Unequivocally, he is the biggest piece of shit to ever make it through the vetting process in Philly Chapter's 5 year history. He does not represent our values, and was removed from the fraternity in disgrace. Any public statements made by Dick are, as they always were, on his own behalf.
